ARHYA Newsletter, 2019 Vol. 2

HELLO!

I hope that this newsletter finds everyone enjoying their summer breaks and getting ready to go show. With the days being longer and the weather for most being beautiful summer is one of the best times of the year to get riding. We at ARHA are just weeks away from our 2019 ARHA World Show. We are extremely busy preparing for an incredible show and hope that all the youth can join us in Cloverdale. If you are planning to join us let me just say that thanks to sponsors and other great individuals with ARHA we are going to be able to offer our youth some great prizes, swag wear, goodie

**Summer
2019 Fun
& World Show
Information!**

bags, pizza parties and social events throughout the week of the world show. The youth have an amazing raffle going on at the moment that will be needing your support from now till the world show. Please take a moment to get with the ARHA to get your raffle tickets purchased and winners will be chosen at the conclusion of the world show although you do not have to be present to win. Check out the calendar on this news-let-ter so you can plan to join us for some fun youth events during the ranch horse world. Bring your costumes and fun wears as we will be having day themes at the 2019 ARHA world show! Check out the horse travel check list so that you can help get you/your horse packed for the journey next month to Indiana.

ARHA World Show pre entries were due June 14 2019. Please Youth make sure your entries are in! If you took advantage of the Pre-entry deadline you are going to get some awesome sponsor swag/prizes. Only Pre entered horses will be eligible for certain items. If you do not have a youth team tournament to be on please let ARHA office or myself now. We will make room for anyone wanting to compete in the youth team tournament. There will be some great prizes awarded and opportunity to meet new friends. Please sign up to participate in the youth team tournament! Please buy some tickets to the Raffle that's part of this newsletter. We are still taking any form of sponsorship help for the youth and would gladly like to talk to anyone interested.

We look forward to seeing everyone and the world show and LETS GET RANCHY!
See you soon... Happy trails and smooth rides... J.J.

- Duct tape
- Cross ties
- Zip ties

*“It’s always better to **HAVE IT** and not need it, than need it and **NOT HAVE IT!**”*

IT'S ALWAYS GOOD TO REMEMBER:

1. Check your truck, trailer, and tires. No one wants to be stuck on the side of the road, but it's especially important when you're hauling animals. And particularly in the summer months when standing still causes heat to build up in the trailer. Keep up on routine maintenance and if you suspect a problem, have it checked. Prevention is the best when it comes to avoiding delays for a down vehicle.
2. Carry water from home. How many of us don't like hotel water? Horses can have the same feeling, but it can cause them to refuse to drink and lead to dehydration. Having water from home to offer if they resist can help ease the transition to a new environment. It can also be a life-saver if you're stuck at a trailhead or stuck with truck or tire troubles. Bring 2-3 gallons for each horse in water jugs. Camping jugs that hold 5-7 gallons are perfect for traveling with a couple of horses.
3. Have your travel papers in order. If you're traveling across state lines, you'll need to make sure your Coggin's is current. Each state has their own time requirements – some are 6 months, some are 12. You'll also need a current Health Certificate or CVI (Certificate of Veterinary Inspection).
4. Keep them healthy. Bio-security is key in preventing the spread of disease. This is extra important when traveling. Make sure your horse is current on their vaccines, and talk with your vet about any specific vaccines you may need in particular areas of the country or for certain shows. If you're traveling to an area that's had outbreaks of diseases such as EIA or Strangles, your vet can help you assess if prevention or changing plans is appropriate.
5. Use electrolytes. If your horse is new to travel, or tends to get stressed in the trailer, using electrolytes for 2-3 days prior to leaving can help make sure they are well hydrated before you leave.
6. Emergency contact information. If you're in an accident, emergency medical services are not likely going to be able to take care of your horses. Have an instruction sheet or card with you, in a truck glove box and in your trailer, that gives first responders the name and number of an emergency contact – someone who can be a point person for your horses if needed.
7. Carry an emergency kit. Keep a small pack of supplies on hand in your trailer. We've got a list here. You may also want to include anti-inflammatory medications. Talk to your vet about the right one and to get a prescription filled before you go.
8. Avoid traffic delays. This may be easier said than done, but simply checking your route ahead of time for road construction delays, or using an App like Google Maps or Waze can help divert you before you're stuck.
